Josh lives in Chickasha, Oklahoma and runs Anime Tobacco Firearms (ATF), a webstore that sells neo-Nazi patches and stickers. ATF's products range from Right Wing Death Squad (RWDS) patches to openly neo-Nazi imagery such as Sonnenrads and Totenkopfs (both used by the Nazi SS)

Josh also has a significant social media presence under the handle Josh The Remover. He runs both a YouTube channel and a Twitter account dedicated to spreading racist garbage.

Judging from his social media presence, Josh seems to be a fan of the alt-right Groyper movement led by Holocaust denier and racist online figure Nick Fuentes. Josh also doesn't do a great job of hiding his face and location on social media, making this quick and easy work

His "FashLordSupreme" @Redbubble store lists his location in Oklahoma, and after using that as well as ATF's Facebook storefront, it was not hard to find his personal Facebook. Oh... and Josh also posted his address on his ATF Facebook (I've redacted it)

You'll notice his personal Facebook features the same neo-Nazi Celtic cross flag and confederate flag as his Twitter.
